Forecast For West Midlands
Issued by Met Office Exeter
at 1600 on Wednesday 04 Aug 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Showers easing this evening. Rain returning through the morning.

This Evening and Tonight:
Isolated showers will ease through the evening leaving a dry night, odd shower possible to the north. Conditions will remain rather cloudy through the night, feeling mild. Winds will increase through the night, feeling blustery towards dawn. Minimum temperature 11 deg C (52 deg F).

Thursday:
Heavy persistent rain will reach the region by morning leading to some torrential outbreaks of rain, easing into the evening. Remaining blustery through the afternoon. Maximum temperature 18 deg C (64 deg F).

Outlook for Friday to Sunday:
Persistent showers continuing through Friday and Saturday, locally heavy or torrential with thundery outbreaks and hail possible. Winds becoming blustery and feeling cooler. Becoming drier with fewer showers Sunday.
